

(LIPMAN MANUFACTURING COMPANY.)

H. L. LIPMAN, Agent,

# Manufacturing and Importing Stationer,

Office, No. 51 South Fourth Street, Second Story,

PHILADELPHIA,

Respectfully invites the attention of the Trade and of Storekeepers generally to the undermentioned Goods, which are warranted the best of their kind, and which invariably give satisfaction wherever fairly introduced:

TERMS, NET CASH.

## LIPMAN'S

### Patent Improved Eyelet Machine.

This well known, simple and useful machine, combines on one stock all essential requisites, and is the most popular Eyelet Machine ever made.

Adapted for paper, . . . . .

Do. for Cloth, . . . . .

Eyelets **HL** and **HL**, to match the above.

## LIPMAN'S

### TRI-PATENT EYELET MACHINE.

New, large, complete, and adapted for PAPER, CLOTH, or LEATHER, with extra pieces, to use large or small eyelets, crucial or round punch:

Complete, . . . . .

No. 1, for Cloth,—eyelets **HL**, . . . . .

No. 2, for Paper,— “ “ . . . . .

No. 3, for Paper,—eyelets small B, . . . . .

## LIPMAN'S

### Patent Self-feeding Eyelet Machine,

Combining a reservoir for the Eyelets with the Punch and Fastener,—the Eyelet being conveyed to the Riveter while the hole is being punched. Very useful to manufacturers.

## LIPMAN'S PATENT

### Combined Lead Pencil and Eraser.

Uniting a Lead Pencil and India Rubber in convenient form for the pocket or desk.

## LIPMAN'S ERASING PENCIL,

A desideratum for the desk, table, or pocket, furnishing good India Rubber in pencil form.

## MEARS' EVER-POINT LEADS.

These superior Leads are now put up in a neat form, each box of 12 groce in hinge boxes, comprising 7 sizes, with a gauge—particularly convenient for retailers.

## MEARS' PROPELLING LEADS.

Made of the very best of lead, and unsurpassed.

No. 1, for Ivory Propelling Pencils.

No. 2, for India Rubber do. do.

No. 1½, for Union do do.

## JACKSON'S LEAD PENCILS.

This formerly popular pencil is now offered at a price to compete with any good pencil in the market, and is highly recommended.

H. HH, HHH, HHHH,

## Jackson's or Mears' Polygrade Pencils.

In boxes of 7 degrees, from the softest to the hardest.

## LIPMAN MANUFACTURING CO'S. LEAD PENCILS.

These pencils are unsurpassed by any now made, the finer qualities being made of the *Purest Black Lead*, similar to that formerly used in Brookman & Langdon's and Wolff's Cumberland Pencils; and the other grades of the same kind of Lead as the best German pencils.

Let Customers try them

The **Excelsior Pencil**, made of the purest refined lead, round, black and natural cedar, stamped.

The **National Pencil**, made of the purest refined lead, sexagon, black and natural cedar, stamped.

The **Navy Pencil, No. 2.** round, black cedar, stamped.

The **American Pencil**, round, black, stained wood. Do. cedar, natural.

*Other Pencils are being prepared.*
